

## CALL FOR PROPOSALS

### International Forum on Holocaust Memory and Learning in an Age of Manipulated Information: Marking the 80th Anniversary of the Liberation of Auschwitz

**Deadline to submit proposals for sessions : November 29, 2024**

As we approach the 80th anniversary of the liberation of the Auschwitz death camp on January 27th, 2025, preserving the memory of the Holocaust and transmitting its lessons to future generations represent a growing challenge. While the Holocaust has the dubious distinction of being one of the best documented mass atrocities in human history, the passage of time is robbing us of the living evidence provided by survivors and eyewitnesses. The spread of disinformation on digital platforms have also facilitated and amplified narratives that excuse, minimize, or misrepresent the Holocaust.

In Krakow, Poland, on January 28 and 29, 2025, the Metropolis Institute and the Jagiellonian University will convene educators, researchers, thought leaders, community representatives and Holocaust survivors and their children in order to:

- assess the global state of Holocaust knowledge;
- examine the key challenges posed by Holocaust denial and distortion;
- identify best practices in preserving memory and conveying Holocaust knowledge and;
- outline the lessons to be learned in the ongoing fight against anti-Semitism and all forms of racism.
